

# Executive Trailer

The Executive Trailer is the easy and economical way to shuttle any size group of people. Constructed out of aluminum, this tram is durable yet lightweight. The all-wheel steering and narrow body design is a standard feature that allows the Executive Trailer to easily maneuver in tight areas. These units are ideally operated when pulled by a tow tractor.

Available in four sizes: 9, 12, 15 and 21 passengers, these trailers will increase customer satisfaction and logistics for any facility. There are a variety of options available including color choice, weather enclosures, ADA accessibility and luggage racks.

Tug & Executive Trailer
