

# Cruiser Tram™

## The Cruiser Tram

Specialty Vehicles is pleased to introduce the Cruiser Tram, a new people mover designed to offer an open air, street legal mode of transportation. Used for tours, excursions, or as a shuttle, the Cruiser is a great transportation solution for your guests on and off property. The tram's attractive appearance is matched with its comfortable seating and easy serviceability at your local Ford dealer. Customize your Cruiser with a variety of sizes and optional equipment to give your passengers the optimal ride.

### Cruiser Tram™ Features
